## CloudCall Virtual Receptionist

### ▶ **Never miss an important call again!**

Your clients always get an answer with Virtual Receptionist, only from Arena One Cloud Call. Virtual Receptionist answers your calls 24/7 with a professional customized greeting. It sends callers to the right place, right away, even to your cell phone. Set-up is easy and there's no expensive hardware to buy because Virtual Receptionist is a cloud-based solution.

Put Virtual Receptionist to work for your business for only \$25.00 more per month.

### Get these great benefits and more with the Arena One Virtual Receptionist:

- Direct your customers quickly to the right person, department or informational message
- Create customized professional greetings to your customers for business hours or after business hours
- Time of day scheduling allowing you to decide when you want a live person to answer your customer calls and when to use the virtual receptionist
- Deliver your calls to any phone number within the U.S., Puerto Rico, Canada, U.S. Virgin Islands, and even your cell phone
- Eliminates the need to buy and maintain expensive hardware or software

### Get these great benefits with Virtual Receptionist:

- 1 Main Telephone Number or port your existing number
- Calls will be picked up by a friendly, professional greeting with instructions, i.e. "Thank you for calling ABC company, if you know your parties extension..."
- Auto Attendant
- Direct your customers quickly to the right person, department or informational message
- Call Forwarding
- Schedule Call forward based on time frames, days of the week, etc
- Control your call forwarding real-time based on changing needs
- Hunt Groups
- General Voicemail Box
